You are invited to a series of community meetings to discuss potential zoning changes in your area. Planned improvements within the Trinity River Corridor, including lakes, recreational areas, trails, parks, bridges and a parkway will contribute to revitalizing the area. The vision is for redevelopment along the Trinity River to transform portions of the area into an exciting, mixed-use destination. The City wants to ensure that new development will enhance the area, existing neighborhoods, and the adjacent park amenities. Help design the future by giving the City your input into what this area should look like, and provide feedback on proposed development regulations. The area being discussed at the meeting is marked on the map to the left with diagonal lines.

If you have questions regarding this meeting, please call David Whitley at 214-670-4214. Para la información en español, llamar por teléfono por favor 214-671-9511.
